

Nobilte Integration College and HLMDI join forces in an effort to enhance capacity building in the field of "Participatory and Integrated Economics" (PIE).

Training in the areas of "self efficacy and effective employment" entails not only multi-cultural awareness building but also strategies that help screen and map a learner's hidden assets for workplace and social integration.

Career, study and Work Coaching is offered in multiple languages. Popular study and work areas are:

- 1)-Humanities
- 2)- Medicine and Health Sciences
- 3)- Engineering
- 4)-International Law and International Relations
- 5)-Sustainable Innovation and Development Entrepreneurship
- 6)- Migration Management and Governance
- 7)- International Business Management

8)- Community Development

9)- Sustainable Landscape and Urban Planning

10)-Arts in Medicine , Art and Medicine

11)-Technology Commercialization

12)-SMART Tourism

13)- Systems of Innovation
