Sodexo will lay off more than 380 workers at the Cleveland Clinic

Scott Suttel:

Food services contractors Sodexo plans to lay off more than 380 people who work at the main campus of the Cleveland Clinic. In a notice filed with the state of Ohio and Cuyahoga County, Gaithersburg, Md.-based Sodexo said it received notice from the Clinic on April 22 that "effective June 30, 2017, the client will no longer use Sodexo to perform Food and Nutrition services." The layoffs of 383 people are "expected to be permanent," and "Sodexo's operation at this account will be closed"
