The 15th Anniversary event of HLMDI (The Health Leadership and Management Development Institute) **TIIPS4Well-being Governance Congress**

Pécs and Munich: October 16-19, 2024

The event will be marking the 15th Anniversary of HLMDI (*Health Leadership and Management Development Institute*) founded in 2008 in the city of Pécs within the framework of a congress which will be covering alongside the scientific conference stream , a parallel sustainable well-being related showcase -exhibition stream with *Socio-Environmental Innovations, Community and Community Governance related Innovations including intergenerational diaspora well-being , Business Innovations, , Public sector Innovations including sustainable and healthy cities, Cross-Boarder -Local Industrial and Commercial Association Innovations , student and researcher initiatives* exhibition.

In 2017, HLMDI hosted The European-American Migration Health platform building event in the city of Pécs with the contributions of Global Cleveland, Ohio University, Case Western University, University of Toledo, University of Pécs, Indiana Universiyt of Pennsylvania, NAKMI, University of Amsterdam. Topics related to the American -Hungarian Diaspora studies, especially across rural Ohio were complied during a field trip by representatives of HLMDI and the University of Pécs. The trip followed a comparative investigation on the West Coast the cities of Seattle. Meetings were built around the topics of religion-ethnicity-inter generational diaspora network development. The importance of ethnic studies especially across the Appalachian and Snohomish regions gained focus during the visit. Farmer Frog a leading Non-Profit Organization well established around eco-social development around food and food access amongst vulnerable groups hosted the visit. The Jubilee event will be extending this initiative .

The “Department of Migration Health Training and Education” within the Institute of Public Health Medicine of the School of Medicine of the University of Pécs in collaboration with the “Research Center for Social Inclusion and Social Economy” based at the Faculty of Humanities together with other disciplines at the University will be acting as the promoting and supporting engines of the event.

The International Congress will be leaning on two mutually complimentary pillars:

A ***Conference Pillar*** or stream covering scientific presentations, symposium , seminar sections .

An ***Innovation Exhibition Pillar*** or stream covering : Business and Social Innovation showcase competitions, Cities, Communities and Network Service exhibitions as well as workshops, network building and co-creative best practice sharing sessions.

The main focus of the Congress will be around the challenging field of bringing together Trans-disciplinary, Trans-Sectoral, Trans-Continental stakeholders through engaged , trust-based , co-creative governance of virtual innovation platforms and city based communities of practice built for Sustainable Well-being.

The experiences of the city of Cleveland in using the *Appreciative Inquiry Summit*, the ESG model of Governance and within this model
SMART and Circular Supply Chain
models have been adopted in the design of the sessions and complimentary streams

Day 1 Reception and City Tour (Pécs)

Day 2 Predominantly established around FOODSHED in the WATERSHED (Pécs)

DAY 3 CO-CREATION and Well-Being GOVERNANCE (Pécs)

DAY 4 Circular Supply Chain Governance (Munich)
